

VIRGINIA FAMILY SPECIAL EDUCATION CONNECTION

www.vafamilysped.org

The Virginia Family Special Education Connection website is funded through the Virginia Department of Education (VDOE).

It is designed to provide families with critical and practical information regarding special education services in Virginia.

The web site aims to provide a one-stop-shop for community, educational, family life, and legislative resources to support families and caregivers, as their children progress through school with special education services and then transition into adulthood. It is also meant to support school divisions that do not have a Parent Resource Center.

The Virginia Family Special Education Connection is maintained by a team of professionals at the Kellar Institute for Human disAbilities at George Mason University in partnership with VDOE.
